

STUDENT & PROSPECTIVE STUDENT DISCLOSURE NOTICE

DATE: 08/18/2026
RE: Student Disclosure Notice for Show Cause Action
TO: All Currently Enrolled and Prospective Students

Galaxy Medical College is committed to transparency and to keeping its students and prospective students informed regarding matters related to the College's accreditation.

On August 12, 2026, the Accrediting Bureau of Health Education Schools (ABHES) notified Galaxy Medical College that the ABHES Commission had placed the institution on Show Cause following its review of the institution's financial reporting history.

The Show Cause action relates to the College's untimely submission of its externally audited financial statements for the fiscal years ending December 31, 2024 and December 31, 2025, and ABHES's review of the institution's compliance with applicable financial reporting and financial responsibility standards.

As a result of the continued Show Cause action, ABHES has required Galaxy Medical College to submit and maintain an updated Teach-Out Plan for all active programs. The ABHES Commission will review Galaxy Medical College's response and its progress toward demonstrating compliance at the Commission's January 2027 meeting. Galaxy Medical College is actively addressing the matters identified by ABHES and is preparing the documentation and information required by the Commission.

This disclosure is being provided to currently enrolled and prospective students in accordance with ABHES requirements and 34 C.F.R. § 668.43(a)(19). This notice will remain publicly available until ABHES issues its next Commission decision regarding the institution.

Students or prospective students with questions regarding this notice may contact the Galaxy Medical College Administration for additional information.
